

ADAPTIVE TENNIS PROGRAM – 2ND SESSION RECAP

The 2nd session of Adapted Tennis with Caddo Parish schools began in mid-October. We have 10 students from Shreve Island, 5 students from Riverside, 5 students from Caddo Heights, and 2 students from Stoner Hill participating. The students are excited about learning about tennis. They are participating in drills, games, and relays to improve tennis skills. For the last week in October the activities were Halloween themed.
